Little has changed from last week's update so the south door (Door 1) and north door (Door 2) are still the ones to use. Access to the north door is available from the path on the south side of the building. This coming week, construction will begin on our new air handlers. We are expecting this to last at least three weeks. This construction will mean that we will not have heat or air conditioning in the church. We are planning on carrying on, as September is a moderate month. If we do get a particularly cold snap of weather, we will have to move to St. Mary's Hall. Please watch the announcements on Thursday to see if there is a change.

I join Alfreda Barber, the head of the Sunday school, with all our teachers in excitement for the new Sunday School year. Registration begins on Sunday. I am planning a youth sermon on Sunday, so I would love to see our young ones. My prayers are with them all as they restart their formal education through the week.

Blessings,  
**Marc**
